About Us

Bridging the gap between style, substance and professional quality service, GOETTLING offers tailor-made solutions to all your interior needs.

It has been a revelation about our perseverance and skill of adaptation in the last couple of years. As the world resiliently worked amidst lockdowns and regulations, we at Goettling Interiors played our role as designers to enhance quality of life through our products. We emerged with record numbers of success stories and happy clients.

In the last 12 years of professional experience in Dubai and the Middle East, we have not only built an extensive portfolio of products & projects but also expanded our diversified highly-skilled team.

We specialize in creative consulting, planning and installation of premium kitchens, furniture, lighting and home decor you've been looking for in the Middle East.

Whether you are interested in a complete kitchen for your home, furniture solutions for your apartment, or you are looking to add lighting accents to your living and working environments, we will guide you through the creative process and ensure you're satisfied with both - our products and our customer oriented service.

To summarize our philosophy which is in sync with that of our premium kitchen brand next125 states - 'Always in the sense of the Bauhaus philosophy **"The democratization of design – well shaped and attractively priced."**

Founder's note

"Being a German, I founded Goettling Interiors on the quintessential German values that resonate with the characteristics of the United Arab Emirates - self made, ambitious, diligent, resilient and respectful towards traditions. This has made our designs more sensitive to the multitude of nationalities and their indigenous requirements."

Oliver Goettling
Founder & MD

Kitchen Planning = Art x Science.

At Goettling Interiors, we precisely know the impact that a high quality & superlatively designed kitchen can make to your lifestyle. Hence, we take a particular interest in our customers' needs, their idiosyncrasies and vision, that enables us to plan and deliver their perfect **kitchen for life**.

Kitchen has transformed into the **heart of the home**, increasingly preferred for hosting, socializing and unwinding. As the love for open plan layouts spreads, the kitchen has gradually evolved from a functional space into a living space.

It's imperative that homeowners focus not just on the exterior of the kitchens but also on its overall efficiency and what lies behind the façade. **It is all in the details** composed together in harmony - aesthetically, ergonomically, functionally and economically.

schüller®

vanory

More than just light

Vanory lights create an atmosphere in the room that captivates the senses. With a touch, the lighting adapts to the wishes in order to create the perfect mood at any time: Activating in the morning, relaxing in the afternoon or refreshing and colorful for a party in the evening are just examples of the many possibilities.

You can see these beautiful at the EXPO Dubai 2020 in Baden-Württemberg House pavilion!

ELOA[★]

Unique Lights

Light objects float weightlessly in space. Fragile, iridescent, timeless. Solitary, or in constellation, ELOA lamps create individual light concepts that remind us of star constellations. Hence the objects' names.

ELOA combines the craft of ancient glassblowing with a simple, yet distinct design. To achieve the large size of the glass objects while working without forms requires a high level of refined craftsmanship and skill, which can only be performed by a few master glassblowers in Bohemia. These objects exist as pendant, floor, standing, and wall luminaries as well as bowls and vases.

Avalanche

COR

How long a given piece of furniture will last, whether it fulfills its function and is still considered someone's favourite piece many years later is determined during the few weeks of its production at COR.

Every bit of passion and precision that the label invests in its furniture is celebrated by the customers during the long life of the furniture piece.

interlübke

For nearly eight decades, Interlübke has created homes that are loved and cherished as much for their beauty as for their immaculate quality.

From shelves and wardrobes to cabinets, beds and occasion furniture, Interlübke is symbolic of cultivated living. Interlübke truly makes you feel at home.

Kettnaker

Of the 10,000 individual parts that is made in Dürmentingen, only 3 match exactly. The number reflects Kettnaker's commitment to individual design. Virtually every piece of furniture that leaves their workshop is really is a unique item. Your home reflects your identity, and your identity is unique. This is the guiding philosophy that has steered the development of Kettnaker's domestic furniture ranges.

Positive: Professionalism, Quality, Responsiveness

We came across Goettling when sourcing Liebherr refrigerators and an Elica hood for our new kitchen. Goettling is primarily a kitchen company and selling a couple of appliances is not necessarily very lucrative for them, despite that, Akshay, went above and beyond helping us out with all our requirements. Absolutely professional, the installers turned up on time and completed the job in a clean precise manner. We recently got our apartment renovated and had to work with multiple vendors and I can confidently say that we had issues with everyone other than Goettling. Because of my experience I would consider them very seriously for a full kitchen in the future! Thank you Akshay for your kind and prompt service :)

Positive: Professionalism, Quality, Responsiveness, Value

Kitchen is truly the HEART of any home and if it's an open kitchen, it surely needs to be Stunning!! That's what Goettling Interiors have done for us, built in the most luxuriously functional kitchen of our dreams within a budget frame.

Unexpectedly, we planned a visit to the showroom and met Oliver, the most humble, kind and sweetest Owner ever. With a lot of enthusiasm, he showed us every kitchen, it's functions and the latest appliances in the showroom. Antonio, the senior architect and Oliver were the first guests who visited our new home for measurements and that itself is something I always feel was auspicious.

Antonio made sure that our every need was heard and implemented in the best possible way and Oliver helped us even with the contracting. After a long wait, the kitchen installation started and was very well executed by Sathyan and team, supervised by Antonio and headed by Oliver, even being flexible with some crucial changes to add in more beauty and function. Their USP is their commitment towards the client and unmatched quality. Our blue and grey Schuller C Nova with arabesque porcelain countertop is a hit among friends and most importantly a happy place for my family, filled with laughter and great food. I want to thank Oliver, Antonio and the entire Goettling team for this masterpiece, our pride, OUR KITCHEN !!!

“Ms.Alaa was a fantastic help to materialize the kitchen we wanted. Her and her team were really friendly and professional and always available. We can’t recommend them enough. Delivery and installation were on time. Our kitchen was the easiest and smoothest part of our villa renovation.”

“From beginning to end, Goettling Interiors has been amazing. The people working there are very knowledgeable and they have a lot of choice regarding materials and fit outs. I have seen many kitchen suppliers in Dubai and finding the right kitchen at the right price for the right quality is not easy, however I believe I have found it with Goettling. The communication between Goettling and the demolition company ripping out the original kitchen went perfect. I was not even there for the most of the works as I travelled. I felt super comfortable and assured that the works would be done perfectly. My kitchen was installed just before Covid and I must say that this new kitchen has changed my life. From a closed, super small and dark wooden kitchen to a large, airy, open planned, highly functional eyecatcher. The kitchen made me host more, cook more, bake more. I even made my work station on the bar counter. All my office supplies, printer and shredder is meticulously disguised in one of the kitchen cupboards. Because of my amazing kitchen, I decide to go out less and I feel so much more at home. I genuinely feel happier and I feel proud of my new house. The kitchen has inspired me to remodel my whole apartment. I could have not been happier with my choice. Thanks Goettling and Team!”

“Dear Oliver,

Hope you are well. This is a long over due email I've been wanting to send to you about our beautiful new kitchen in our Sidra Villa, Dubai Hills.

We were recommended by our friends to look no further and come straight to Goettling. We were a bit hesitant at first because we knew by doing so we would over-stretching our budget. But once I met Alaa, that all changed.

From the onset she gave us a very thorough overview of all the options available while at the same time made sure to understand our needs and our taste. This was very important to us as we had no clue or prior experience with designing a kitchen from scratch. She left no stone unturned. Alaa went above and beyond to make sure all our needs were taken care of. Her passion was truly reflected in her work.

We felt at ease and very comfortable, the choice was very easy after that. We knew we would not be getting service like this anywhere else.

Any problem that came up, Alaa was quick to find a solution. She constantly communicated, updated us was so quick to respond (even when I bothered her in the weekends! – sorry Alaa We were very impressed with timeliness of the delivery and the extremely high standard of execution.

Kostas was also very easy to work with, always available and ready to assist. Both him and Alaa would always ready help even if the issue was beyond their realm.

We were moving to a new house and had to deal with many different parties for other things but your team is by far the most professional and delivered the best service.

We love our new kitchen and cannot thank you and your team enough. I wish you and the team all the best on your future endeavours. We are so happy to have worked with you all.

Regards;”
