## About Us

At GOETTLING, we seamlessly marry elegance, substance, and unparalleled service to craft bespoke solutions for your interior aspirations.

With a rich 13-year history of professional excellence in Dubai and the Middle East, we've curated an expansive portfolio while nurturing a diverse and highly skilled team. Our expertise lies in the realm of creative consulting, meticulous planning, and the installation of premium kitchens, bespoke furniture, exquisite lighting, and sophisticated home decor tailored to the Middle Eastern aesthetic.

Whether you envision a complete kitchen overhaul, unique furniture solutions, or the addition of captivating lighting elements, our devoted team is here to guide you through a creative journey where satisfaction is not only guaranteed but elevated. In harmony with the philosophy of our esteemed kitchen brand, next125, we echo the Bauhaus ethos of: **"The democratization of design – well-shaped and attractively priced."**

## Founder's Note

"Being a German, I founded Goettling Interiors in 2010 on the quintessential German values that resonate with the characteristics of the United Arab Emirates - self made, ambitious, diligent, resilient and respectful towards traditions. This has made our designs more sensitive to the multitude of nationalities and their indigenous requirements."

**Oliver Goettling**

## Kitchen Planning = Art x Science.

At Goettling Interiors, we precisely know the impact that a high quality & superlatively designed kitchen can make to your lifestyle. Hence, we take a particular interest in our customers' needs, their idiosyncrasies and vision, that enables us to plan and deliver their perfect **kitchen for life**.

Kitchen has transformed into the **heart of the home**, increasingly preferred for hosting, socializing and unwinding. As the love for open plan layouts spreads, the kitchen has gradually evolved from a functional space into a living space.

It's imperative that homeowners focus not just on the exterior of the kitchens but also on its overall efficiency and what lies behind the façade. **It is all in the details** composed together in harmony - aesthetically, ergonomically, functionally and economically.

# Schüller Kitchens

Founded in 1966 by Otto Schüller as a kitchen manufacturer, the company is still **family-owned**, upholding the values of passion, responsibility and independence.

Being ahead of demands in the German kitchen industry is achieved by perennial **innovation** underpinned by the company’s vision & consumer feedback.

The expansion of the company never overlooked the need of being environmentally responsible. Schüller has been certified as **carbon neutral** and continually endeavors for employee, company and environmental well-being.

Economy combined with ecology leads to sustainable growth and is the basis for Schüller’s forward-looking company decisions.

Always open to new ideas, and always in full awareness of every demand, Schüller is brought to the Middle East by Goettling Interiors.

I had lovely experience with Goettling Interiors! I'm really thankful to the whole team, they are truly professionals, especially to Alaa, the manager who was running my kitchen project. I trusted the company and never regretted it. They even managed to install the kitchen with all appliances and table top while I was traveling. All the materials and appliances are of high quality, I'm really enjoying my new kitchen. Thanks again!

We installed parador flooring recently and happy about the quality.  
I would like to thank Shivan and Vipin. They were handling the process and came many times to make sure things were done as good as possible.  
Also, a special thanks to Janice ❤️. She's really really amazing! Kind, responsive and very responsible! I feel lucky having her support me for the project and wouldn't hesitate to recommend Janice to my friends!

Just want to thank Mr Oliver and his team for their efforts. Although there were some issues, his colleagues were always kind, friendly and willing to find a best solution.  
  
We received our kitchen on time and it's 98% is what we have expected and planed. The flooring was also done really good.  
  
From all the contractors we've met here his team is a way ahead of all the others. For sure there should be the other good guys, so I don't want to say something bad about the others) I just want to say how Goettling team is good.

The experience with Goettling was purely distinguished, from the day Alaa and the team visited me in my apartment to the day they handed over the project not a single concern , not a single delay or deviation from what we have chosen. The advise we got from the designer on all levels was amazing and as I enjoy my new kitchen today, I also thank Alaa for this spacious design and the layout that makes everything accessible easily. The quality is superior and the look has attracted all my visitors.

“Goettling built me a whole new kitchen with the best design , finishing , technology and style . Most importantly our kitchen is very practical and kids love it . Attached photos speaks for itself.

This was one of the smoothest projects I have ever dealt with due to the honesty, professionalism, flexibility and understanding of the Goettling Team. They are the best at making kitchens here in Dubai. No headache, no hustle and no time wasting. They delivered as they promised. I personally thank Mr.Akshay and his team for being there from day one.

I am definitely hiring them for my other kitchen project.”

“We spent a long time with the designer perfecting what we wanted and he was extremely responsive and helpful. The final outcome looks just like the plan! They are motivated at each step to ensure you get what you want – and that doesn’t stop once you make the order. Even during installation the attention to detail and desire to please is great. We have a Schuller kitchen in the UK – which is why we went for one in Dubai and are very happy we made that decision.

Thank you all for the help with kitchen and the accessories!”

“Working with the team at Goettling was an absolute pleasure and we could not be happier with the results! Starting with Ms Arwa who designed our kitchen layout and design with creativity, a sense for practicality and cost effectiveness, to the flooring, lighting and installation team – the design, planning and execution could not have been better!

The Goettling team has truly helped transform our living space and we would highly recommend the entire team and the top quality brands they represent.

Thank you!”

## Black Magnificence

Apartment kitchens require a great deal of immaculate space planning to ensure maximized functionality and storage in limited area as achieved in this Dubai Marina Paloma tower apartment kitchen.

The brief was to open up the kitchen and add a dedicated bar space. It takes a skillful designer to use black finishes and yet ensure the space does not feel claustrophobic.
