

GOETTLING INTERIORS

Company Profile 2026

GOETTLING INTERIORS

Goettling Interiors is a premium interior design studio that blends German precision with contemporary Dubai elegance. We create complete solutions for kitchens, lighting, furniture, wardrobe, flooring and tailored interiors that are sophisticated, functional and designed to last.

We represent a curated selection of leading international brands including Schüller, next125, Occhio, Interlübke, Basalte, COR, Freifrau, Qlocktwo and many others, as well as world-class appliance partners such as Gaggenau, Miele, Bora, Foster and more.

With expert consulting, bespoke design and flawless execution, each project reflects quality, innovation and the unmistakable signature of German design. For more than 15 years in Dubai, our mission has been to deliver exceptional spaces that elevate everyday living.

Collaborating for Extraordinary Spaces

At Goettling, we work with some of the most renowned German brands in design and manufacturing including Schüller, next125, JANUA, Freifrau, COR, interlübke, Kettnaker, Parador, Qlocktwo and Schotten & Hansen.

We have also expanded our portfolio with outstanding international partners such as Basalte from Belgium and Logos from Spain, bringing sophisticated and highly customized solutions to interiors.

Each brand we represent is carefully selected to ensure exceptional quality, refined design and superior functionality in every project.

Founder's Note

"As a German professional and the CEO of Goettling Interiors in Dubai, I founded the company in 2010 on core German values that harmonize with the spirit of the UAE—self-made ambition, diligence, resilience, and a deep respect for tradition. These shared principles guide us in delivering sophisticated German-engineered products that require meticulous planning, supply, and installation. In doing so, we've become attuned to the diverse cultural needs of our multinational clientele, ensuring every project is not just technically excellent but also culturally sensitive. If this resonates with what you need, we'd be delighted to hear from you".

Oliver Göttling

Founder and CEO of Goettling Interiors

Meet our team

The Goettling Interiors team is a multicultural group of passionate designers, consultants and specialists who share the same vision: to create extraordinary spaces with precision, authenticity and purpose. With international backgrounds and expertise across interior architecture, we combine deep technical knowledge with a refined sense of aesthetics.

We believe the best results come from collaboration. That is why we work closely with homeowners, designers, architects and partners, ensuring that every detail reflects the highest standards of quality and design. From concept and planning to installation and final styling, our team leads each step with care, transparency and excellence.

United by creativity and driven by innovation, we transform homes into spaces that enhance daily living and reflect the unique personality of every client.

This is who we are: committed, meticulous and inspired by design that truly makes a difference.

Kitchen

Crafted for the Way You Live

We believe that the kitchen is the center of modern living. It is where functionality meets emotion, where culinary creativity blends with social connection, and where high-quality design elevates everyday life.

Our kitchens are thoughtfully curated from the finest brands, engineered with durability, precision and versatility at their core. Each solution is tailored to the homeowner's lifestyle, integrating smart ergonomics, premium materials and organizational systems that enhance comfort and efficiency.

Whether the vision is minimalist and architectural or warm and inviting, our team designs kitchens that flow seamlessly into the entire home, creating harmony between cooking, dining, hosting and relaxing. Every detail is considered, ensuring long-term performance, intelligent use of space and aesthetics that remain timeless.

Goettling kitchens are built to live beautifully today and evolve confidently with the future of home design.

next125

Sophisticated interiors made to measure

Next125 brings a curated balance of design, comfort and functionality into the heart of the home. With a refined modular system, premium finishes and smart interior solutions, the brand offers complete creative freedom to shape a kitchen that seamlessly flows into dining and living spaces.

Its versatile range of materials, colors and architectural elements allows for highly personalized designs, perfectly tailored to contemporary lifestyles. Every feature is crafted with precision, sustainability and timeless elegance, ensuring a kitchen built to be lived in, every day.

Designed to Simplify Everyday Life

Schüller is designed for those who want everyday living to be easier, more organized and more enjoyable. With clever solutions, flexible storage systems and ergonomic layouts, it ensures that the kitchen works intuitively – supporting the practical demands of daily routines.

Its wide portfolio of finishes and modular options offers freedom to plan not only kitchen spaces, but also pantries, laundry areas and utility rooms with consistency and convenience. Built with German precision and durable materials, Schüller delivers reliability and long-lasting quality without complexity.

Functional, adaptable and thoughtfully designed, Schüller brings comfort, efficiency and excellent value into the heart of every home.

logos

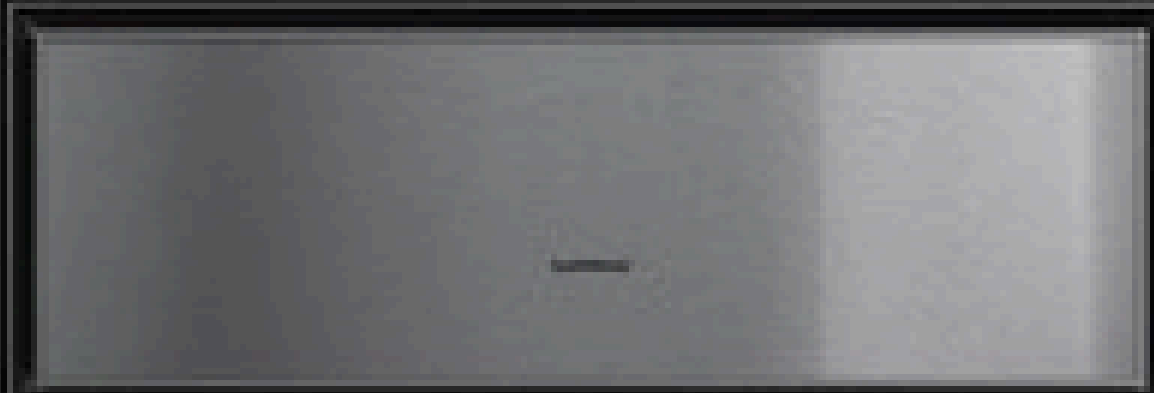

Made for Modern Living

Logos S. Coop. is a Spanish brand that creates kitchens, closets, cabinets and living solutions made to measure, combining thoughtful design, high quality materials and intelligent functionality. Each project is tailored to the client's style and needs, ensuring unique and personalized spaces.

With over 70 years of tradition, Logos combines craftsmanship and technological innovation to deliver furniture that is durable, elegant and functional. The company offers complete made-to-measure solutions, perfect for transforming any space into something exclusive and high-end.

Logos products delight clients seeking aesthetic organization and practicality, providing interiors designed with attention to detail and a touch of sophistication.

Appliances

Premium Kitchen Appliances

Our appliance experience spans a selection of leading global brands including **Gaggenau, Miele, Liebherr, Bora, Wolf, Foster, Quooker and Siemens**. These brands are widely recognised for their innovation, advanced technology and premium finishes, and are often featured in our projects as examples of high performance and design excellence.

While we are fully equipped to integrate and coordinate appliances from these and other top manufacturers, we are equally pleased to work with the brands you prefer. This ensures that every kitchen is a true reflection of your lifestyle, personal taste and individual priorities.

Worktops

Laminam

Top Worktop Brands

We provide a complete kitchen solution: from design and planning to the supply and installation. We work with a wide range of premium worktop brands to ensure every kitchen meets the highest standards of quality, durability and functionality.

Our portfolio includes a carefully curated selection of renowned manufacturers, among many others, and some of them are:

Laundry Room

Laundry Room

We also provide laundry solutions, designed to bring order, efficiency and discreet elegance to one of the most practical areas of the home. Thoughtfully planned, these spaces combine intelligent storage systems with ergonomic layouts, ensuring that everyday laundry routines are simplified and well organised.

Tall units with integrated openings allow for easy and hygienic laundry sorting, keeping dirty clothes neatly concealed behind closed doors. Complementing this, base units with dual laundry collection systems provide a compact and space-efficient solution, featuring ventilated containers that can be fully removed for maximum convenience.

Every detail is carefully considered to optimise functionality while maintaining a calm and refined aesthetic. With Goettling, the laundry area becomes a seamless extension of the home's overall design language, balancing practicality with understated sophistication.

Storage Room

Storage Room

Our storage room solutions maximise space and organisation through intelligent planning and flexible interior systems. Tall units with shelves, internal drawers and pull-outs offer generous storage capacity, allowing the interior to be tailored to individual needs while ensuring easy access to all items.

Modular panel systems further enhance flexibility, enabling customised designs from niches to full wall solutions with refined stainless steel or onyx black profiles. These solutions create a highly functional and well-organised storage room, reflecting Schüller's commitment to intelligent design, flexibility and sustainable living.

Libertina

Occhio store

by Goettling

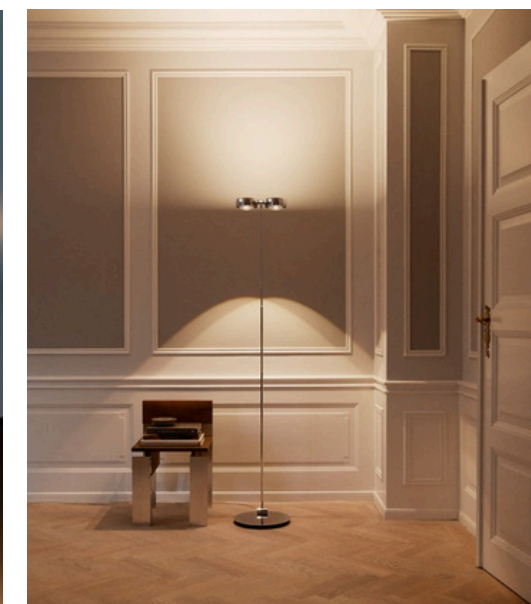

Creating a culture of light

Goettling is the only official Occhio store in Dubai with an exclusive showroom for this premium German lighting brand.

We offer modular systems that combine advanced technology, minimalist design and intelligent light control, perfect for high-end residential and commercial projects.

Occhio is known for its exceptional light quality with a Color Rendering Index (CRI) of 97, which means colors in the environment and on objects are shown with high fidelity, almost like natural light, creating more vibrant and pleasant spaces. With an intuitive user experience, Occhio transforms lighting into art and well-being.

Visit our showroom and discover a new concept in lighting.

Wardrobe

Pure Lines, Thoughtful Functionality

Interlübke is a German furniture manufacturer known for its minimalist design precise craftsmanship and highly modular storage systems.

Our partnership with Interlübke allows us to offer furniture solutions that combine clean lines intelligent functionality and timeless elegance. Just like our collaborations with Occhio and Schüller this partnership strengthens our portfolio with high quality products that bring sophistication personalization and contemporary design to every project.

Together we create refined interior concepts that elevate both form and function.

logos

Intelligent Storage, Beautifully Designed

Logos Wardrobe offers bespoke wardrobes designed to combine elegant design, high-quality materials and intelligent functionality. Each piece is carefully crafted to maximize space, provide efficient organization and reflect the client's personal style.

With attention to detail and a focus on custom solutions, Logos wardrobes feature versatile finishes, modular elements and practical layouts that adapt to any interior. They are ideal for clients seeking refined storage solutions that are both functional and visually striking.

Furniture

FREIFRAU[®]

MANUFAKTUR

Sophisticated Comfort, Thoughtfully Designed

Freifrau creates chairs armchairs and sofas with contemporary design that combine exceptional comfort premium materials and artisanal craftsmanship. Each piece is developed to offer ergonomics durability and elegance with options for customization in finishes and upholstery.

Through a strong partnership with Janua Freifrau contributes to complete interiors where sophisticated wooden or stone tables from Janua are harmonized with elegant comfortable seating creating welcoming high-end spaces.

The products delight clients seeking refined design quality and comfort offering solutions that inspire and transform any space into a unique environment.

JANUA®

Honest Materials, Crafted to Last

Janua is a German furniture brand from Bavaria known for its exceptional craftsmanship and its focus on solid wood furniture made with natural materials and artisanal techniques. The company creates high quality tables benches cabinets and shelving systems that highlight the authentic character of wood through precise handmade finishes and timeless design.

Janua stands out for its commitment to durability individuality and honest materials which gives every piece a unique identity. The brand also maintains a close partnership with Freifrau allowing both companies to create harmonious interior concepts where Janua's distinctive wooden and stone tables are perfectly complemented by Freifrau's elegant seating collections. Together they offer warm contemporary and highly refined solutions that elevate any interior with authenticity and crafted excellence.

COR

Elegant Upholstery for Modern Living

COR is renowned for its high-quality upholstered furniture, including sofas, armchairs and chairs that combine comfort, contemporary design and durability.

The brand offers modular and versatile collections, allowing customization in fabrics, leather, finishes and configurations, adapting to different spaces and interior styles.

With attention to detail and premium materials, COR delivers elegant, comfortable and timeless pieces, ideal for residential projects and premium interiors.

Kettnaker

Refined Storage with Certified Excellence

Kettnaker is a traditional German brand, renowned for its modular custom wardrobes that combine sophisticated design, intelligent functionality and high-quality materials.

In addition to wardrobes, the brand offers closets, sideboards, beds and shelving units, all with customizable solutions that adapt to each space and client style. The combination of premium wood, glass, metal and refined finishes turns every piece into an elegant and functional element of the interior.

Certified with Furniture Made in Germany, Kettnaker ensures durability, craftsmanship excellence and timeless design, making its products ideal for premium interior projects, with a special focus on wardrobes.

interlübke

Pure Design Shaped into Living Systems

Interlübke offers a complete furniture collection that goes far beyond wardrobes. The brand creates refined solutions for living spaces, including sideboards, shelving systems, beds, accessory furniture and interior concepts designed to work seamlessly together. Each piece reflects a clear design language, precise craftsmanship and a strong focus on functionality, allowing interiors to feel cohesive, timeless and effortlessly sophisticated. With Interlübke, furniture becomes a thoughtful system that adapts to modern living.

bio uniflow E

PARADOR

Sophisticated Solutions for Every Surface

Parador is renowned for its high-quality floor wall and ceiling coverings, combining sophisticated design, durability and functionality.

The brand offers engineered wood floors, parquet, laminates, vinyl and modular solutions, as well as decorative panels that suit a variety of interior styles, from classic to modern. With diverse collections and finishes, Parador provides customizable solutions that adapt to any space and project.

Recognized for its commitment to sustainability and innovation, Parador ensures durable materials, contemporary design and high-quality standards. It is a German brand, ideal for premium interior projects.

Schotten & Hansen

Exclusive Wood Solutions with Lasting Elegance

Schotten & Hansen creates customized wood surfaces that combine refined finishes, durability and sophisticated design. The brand offers panels, flooring and cladding adaptable to different environments, bringing warmth, elegance and a unique identity to any space.

Its products allow for tailored solutions in residential and commercial projects, highlighting the natural texture of wood and the harmony of the interior. With attention to detail and high-quality materials, Schotten & Hansen delivers timeless design and exclusive character, ideal for premium interior projects.

Accessories

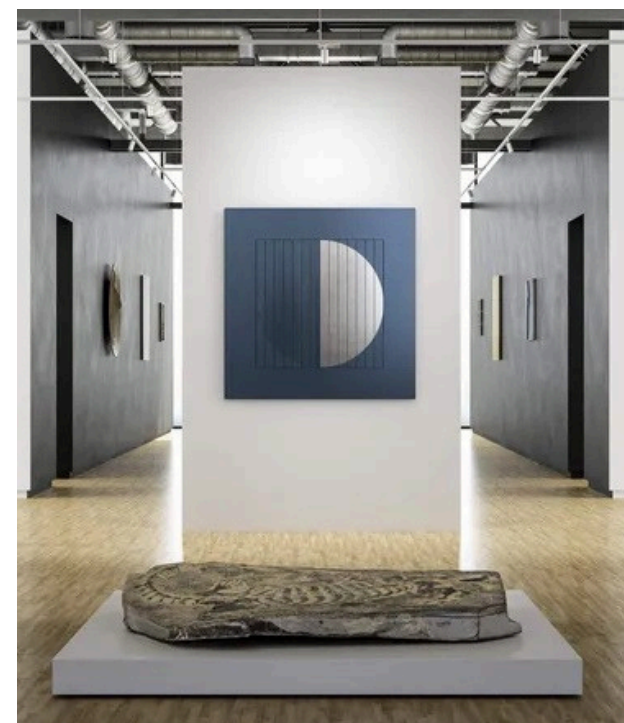

QLOCKTWO®

Time as a Work of Art

QLOCKTWO is a modern German design clock that tells time through illuminated words instead of numbers creating a unique artistic experience in any space. Available in more than 20 languages it adapts perfectly to different cultures and interiors while keeping its iconic minimalist design.

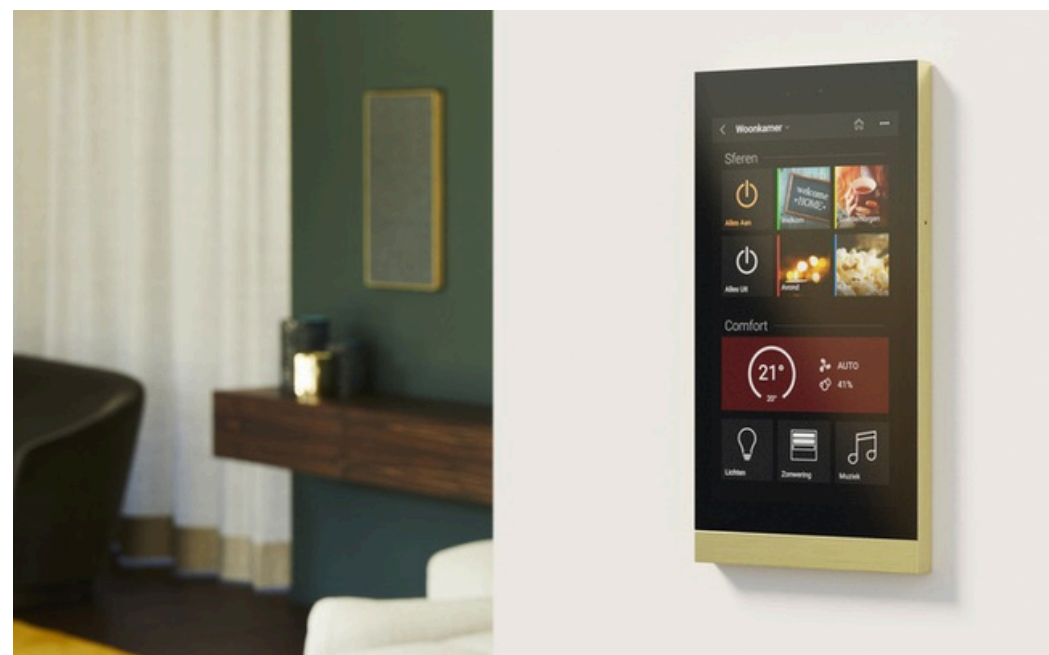

Each piece is handmade in Germany using luxurious finishes that turn the clock into a functional sculpture. Beyond the classic models QLOCKTWO also offers the Lunar Clock which displays the moon phases in a poetic and contemporary way.

We are proud to work with QLOCKTWO a brand that represents innovation quality and timeless design.

Home automation

basalte

Smart Home Solutions with Architectural Elegance

Basalte combines design and cutting-edge smart home technology to create intuitive and elegant living spaces. The brand offers touch panels, keypads, sensors, multiroom audio systems, speakers, iPad docks and complete home automation control units.

All products are crafted with premium materials such as aluminium, bronze, glass and high-end finishes and are meticulously hand-made in Belgium, blending craftsmanship with technology.

Basalte stands out for minimalist aesthetics, intuitive usability and seamless integration in luxury interiors. Its devices control lighting, climate, entertainment and security while remaining subtle and enhancing the ambiance.

With international design awards and a reputation for quality and reliability, Basalte is ideal for clients seeking elegant smart home solutions that combine functionality, comfort and timeless design.
